

**Funding that
can bring your
art to life.**

**community + public arts
detroit**

Whatever your artistic passion, don't miss out – apply.

Why? Selected artists will be listed in The Artist Roster. A big deal, because it's a resource for people looking for pre-qualified local artists to design and coordinate public art projects. Past budgets have been as high as \$40,000!

Printed and searchable online profiles will be readily available to C+PA, civic leaders, community groups and more – locally and around the world. So when project initiators are looking for the right artist to hire, they'll have access to the experience, specialties and work samples of everyone on The Artist Roster.
